AARON **JOHNSON**

FULL STACK WEB DEVELOPER

347.786.0266　　aaron@ajfs.me　　www.ajfs.me　　Greater NYC Area

ABOUT ME

A multi-disciplinary pixel-perfectionist with a love for clean code, I bring a wealth of diverse experience to the table enabling me to hit the ground running on entry. I particularly excel in high-stakes environments where my contributions are essential toward both team and org KPIs.

EXPERIENCE

INTERACTIVE DESIGNER
POST STUDIOS 2019 - 2020
Using Photoshop, Illustrator & XD, I design mockups for digital interactive ad campaigns. Then, with HTML, CSS & JavaScript, I craft the experiences for both web & mobile.

CREATIVE MANAGER
TREMOR VIDEO 2014 - 2018
Oversaw the distribution of pre-production mockups & post-production campaigns to various members of the design team and offered design guidance as needed. Worked collaboratively with sales and ad ops depts. in educating clientele as to our product offering and platform capabilities. Additionally, supplied support for maximum transparency surrounding campaign goals and outcomes.

DESIGNER
TREMOR VIDEO 2013 - 2014
Designed and built custom advertising experiences using Photoshop, ActionScript & JavaScript. Handled all levels of development, from animation to interaction to custom reporting exposure.

EDUCATION

A.S., DIGITAL MEDIA COMMUNICATIONS
KATHARINE GIBBS SCHOOL
2004 - 2006
Web major, focusing on design theory and and application through practical development. Acquired knowledge of Adobe CS, HTML, CSS & ActionScript. Graduated in the top 10 percentile.

FULL STACK WEB DEVELOPMENT
Lambda School
2019 - 2020
Continuing web development education, focusing on current technologies and best practices. Technologies include React.js for frontend development, Node.js (backend), Python (CS theory, data structures & algorithms) as well as Knex & PostgreSQL for query-building and database management.
